

**Bank Account Details**

Monthly membership fees are to be set up to be paid via standing order on the 1st day of each month. There may be a part month to pay on top if you joined part way through the month. This is calculated at the daily rate of £4.44.

Annual membership fees are payable immediately and your membership will commence on the date of your first flight in the club aircraft. This date shall be your membership anniversary date.

For the avoidance of doubt, the monthly or annual membership is payable in advance and the flight hours are invoiced in arrears.

The invoices for hours flown are also payable into the same account with the same reference number as detailed below. This is confirmed on the bottom of each monthly invoice. Approximately, these are generated around the last weekend of each month and are due for payment on the last working day of the month.

Invoices are sent out via email and payments are to be made via bank transfer only. Cheques are not accepted.

Account Number: 6 7 9 1 1 4 4 3
